

Command words

GCSE History 8145

Introduction

Command words are the words and phrases used in exams and other assessment tasks that tell students how they should answer the question.

The following command words are taken from Ofqual's official list of command words and their meanings. In addition, where necessary, we have included our own command words and their meanings to complement Ofqual's list.

Describe

Set out characteristics

Example question

Describe the problems faced by Kaiser Wilhelm II's governments in ruling Germany up to 1914.

Example answer

In this instance, students should demonstrate knowledge and understanding of a key feature (the problems facing Kaiser Wilhelm) by recall. In order to achieve full marks students should make three developed points.

Example mark scheme

Target: Demonstrate knowledge of the key features and characteristics of the period studies (AO1)

Level 2 Developed knowledge, based on understanding **4-6**
eg:

- Germany's rapid industrial expansion created social problems in the towns and the growth of militant Trade Unions and extremist groups.
- The growing power of the socialists made it difficult to secure a majority for the government in the Reichstag. The Kaiser feared that anarchists and socialists threatened the lives of his family, so anti-socialist laws were needed.
- Government needed to raise money to pay for the cost of Germany's defence/naval building programme but taxation was unpopular.

Level 1 Simple knowledge statements **1-3**
eg:

- Germany was industrialising very quickly.
- The socialists were becoming more powerful.

-
- Government needed to raise taxes.

Guidance

This command word is tested in the context of AO1. Students are expected to demonstrate knowledge and understanding about key features and characteristics of the period studied. Students would normally present their answers in narrative or list form.

Explain

Set out (eg purposes or reasons)

Example question

Explain the consequences of the Moroccan Crisis of 1905.

Example answer

In this instance a student would be required to identify one or more consequences (eg increased British suspicions towards Germany) and then set out in detail their effects (eg the consolidation of ties between the Entente powers and/or the division of Europe into two armed camps).

Example mark scheme

|----------------|---|------------|
| Target | Knowledge, understanding and explanation of the consequence(s) of a key feature of the period (AO1: 4; AO2:4) | |
| Level 4 | Answers that develop out of Level 3 and provide links between the consequence(s) of the event and the wider context of the period | 7-8 |
| | Extends Level 3. eg: ...these suspicions caused by the First Moroccan Crisis gave rise to naval talks between Britain and France and so this helped consolidate the ties between the Entente powers and further divided Europe into two armed camps... | |
| Level 3 | Developed answer about the consequence(s) of the event | 5-6 |

Guidance

This is a straightforward command word which is often applied in relation to the testing of second-order concepts (AO2) such as consequence or causation. Ofqual's subject guidance for History defines 'explain' as 'giving an account of the outcome of analysis and/or justifying a conclusion in questions requiring an evaluation'.

Note: Repeat as necessary for each Command Word
