

13 November 2020

Dear parent/carer,

Thank you to the majority of our families who are making sure that their children come to school wearing a face covering every day.

Unfortunately, we still have a number of students arriving at school without a face mask. As the Government has advised that face coverings should be worn by adults and pupils in year 7 and above in corridors and communal areas, we are currently providing masks to those students who arrive at school without one (unless they are exempt).

You will appreciate that we have been given no additional funding for PPE supplies. This week alone, the cost to the school of providing masks has been £182.

We would be extremely grateful if you could help us by speaking to your child, stressing the importance of wearing a mask and providing them with one on a daily basis.

Thank you for your support,

J Ross
