

SPANISH GCSE

Ofsted said: "Pupils said that leaders have kept the best things about the old school, but made it even better." February 2022

GCSE SPANISH

EXAM BOARD: EDEXCEL (New GCSE curriculum for 2026 exams)

Should my child study Spanish?

Spanish is the second most widely spoken language in the world, with over 400 million native speakers worldwide. Spanish is an official language in four continents and has official status in a staggering 21 countries spanning South, Central and North America, as well as Africa and Europe. The ability to speak Spanish has practical uses for travel and leisure, offers access to a wide range of different countries, and allows students to develop a deeper understanding of their own and other cultures.

Course outline:

As part of the GCSE Spanish course, students will develop the four key skills of speaking, listening, reading and writing. The course will focus on the following thematic areas, which will apply to all four GCSE question papers:

- My personal world
- Lifestyle and wellbeing
- My neighbourhood
- Media and technology
- Studying and my future
- Travel and tourism

As well as learning to communicate in Spanish and understand the language in speech and writing, the course is designed to deepen students' knowledge of both Spanish culture and that of other Spanish-speaking countries.

Assessment:

Students will have final examinations at the end of year 11 in each of the 4 key skill areas (listening, reading, speaking and writing). These skills are all weighted equally:

25% - Listening examination

25% - Reading examination

25% - Speaking examination with class teacher

25% - Writing examination and translation

Students will sit their exams at either Foundation Tier (grades 1-5) or Higher Tier (grades 4-9). They will be advised as to which tier would be most suitable for them.

Supporting trips and activities:

Students will have the opportunity to watch films in Spanish (with English subtitles) in order to support their understanding of the language, culture and themes to be covered. There may also be the opportunity to take part in language conferences and cinema visits for relevant films.

Pupils will also have the chance to take part in a trip to Madrid to ensure that they get an authentic opportunity to use their language skills. The trip includes a guided walking tour of Madrid, a visit to the historic heart of Madrid, a visit to the Royal Palace of Madrid, a visit to the Bernabéu stadium, churros with hot chocolate at Chocolatería San Ginés and a visit to the celebrated Prado Museum.

What can my child do with a language qualification?

Languages are valued by employers and are particularly sought after in fields such as journalism and media, law, engineering, business and marketing, sport and leisure, travel and tourism, civil service, banking and teaching (UK and abroad).

For students hoping to go to university, it is worth considering that many universities now require a GCSE in a modern foreign language as part of their entry requirements (even if not immediately relevant to the course of study being applied for).

Employers recognise that other skills and personal qualities are gained if you speak a second language. Excellent communication skills, brilliant listening skills, determination and an exceptional ability to perform well under pressure are only but a few, and will make you really stand out. There is even evidence to show that acquiring a second language can improve your memory, attention span, decision-making and problem-solving skills.

In short, a language qualification will always be useful, no matter what you do. From going on holiday to working abroad, a language is not just a skill for school; it is a skill for life!
