

12 July 2024

Dear Parent/Carer

We have been notified that a WHATSAPP group that was created yesterday evening is encouraging children and young people to join and share information and pictures of themselves in school uniform that could easily lead to identification.

The name of the group is called ADD WHO YOU KNOW and we are aware that there are already over 200 children and young people who have posted.

There is a lot of sexualised language, racial comments, and a voice call made with unkind language used.

The police have been notified.

Kind regards

**School Office  
Goldington Academy**
