## **Rationale**

At Goldington Academy, we seek to provide a happy, supportive, motivated and challenging environment to enable all pupils to succeed, both academically, socially and emotionally. The academy endeavours to ensure high standards of learning, teaching and pastoral care and to recognise each individual's abilities, encouraging them to reach their full potential. British values of honesty, co-operation, democracy, sensitivity, tolerance and mutual respect for others are fostered throughout our curriculum.

Goldington Academy is committed to the development of the individual as a whole, providing a broad and balanced curriculum through the provision of the structured timetabled day, the extended curriculum, targeted intervention strategies, plus a wide variety of extra-curricular activities and educational visits. This curriculum provides equal opportunities for all pupils to maximise their potential regardless of age, sex, race, colour, religion or disability.

We promote equality and tackle any form of discrimination. We seek to remove any barriers to access, participation, progression, attainment and achievement. In order to reach self-actualisation, each individual must have reached each stage of the Hierarchy of need. We endeavour to work with pupils, families and appropriate agencies to ensure that each individual in our care is secure at each stage of the hierarchy<sup>1</sup>.

### **Legal Frameworks and guidance for this policy are:**

- The Equality Act 2010
- Children Act 2004
- Education and Inspections Act 2006
- Duty to Promote Community Cohesion, Education and Inspections Act 2006

### **Policy aims**

- To ensure pupils and staff to treat one another with respect and understanding, in order to create a positive learning environment
- To promote British Values in every aspect of the school.
- To actively promote race equality and oppose racism in all its forms, plus foster positive attitudes and commitment to an education for equality
- To make inclusion a fundamental part of life at Goldington Academy

- To create clear working responsibilities for members of staff

## Whole Academy procedures

- As a school we foster respect for religious and moral values, raising awareness of other races, religions and ways of life, opposing racism and helping pupils understand the world in which they live.
- We also make pupils aware of the options and strategies available to them if they witness or personally experience incidents of discrimination, including racism.
- We actively challenge, record and report incidents of racial harassment on the extremely rare occasions they occur.
- Within our curriculum we ensure that the experiences we deliver make provision to promote and celebrate diversity, such as the promotion of racial equality and the elimination of discrimination.
- Each pupil's progress is monitored and tracked and we then regularly collect and analyse this data to ensure all groups are making at least expected progress and no group is subject to disadvantage
- This data is analysed in respect of areas such as gender, race, ability or additional needs (such as 'Looked After' status, ethnic grouping or proximity to exclusion, etc)
- Intervention programmes starting with differentiated class work and leading to a range of in house and external interventions– dependant on the needs of individuals or small groups. These may be academic interventions or based around issues such as Self-esteem, managing behaviour, friendship groups etc...
- 1 to 1 Tuition in English and/or Mathematics if progress is not in line with national expectations
- Assertive Mentoring – when effort/behaviour is not in line with the schools expectations.
- Restorative Justice – to assist in solving disputes and over-coming relationship issues
- Bereavement Counselling by trained in house learning mentors or CHUMS personnel

The Academy uses external agencies to support its pupils where necessary. These agencies may be provided by the Local Authority or other such providers as deemed necessary by the Academy.

Examples of possible agencies are:-

- Behaviour Support Team
- Social Services
- Police
- School Nurse
- Education Welfare Officer
- Psychology and Advisory Support Team
- Educational Psychologist.

In addition to those listed above, other external agencies may be accessed through the Multi Agency Support Hub or by following the Bedford Borough EHA (Early Help Assessment).

## **Whole staff responsibilities**

Every member of staff has a part to play in promoting the welfare, well-being and behaviour of every pupil. This is the case at all times, not only with classes and while officially on duty but also on less formal occasions, such as moving around the building and in the playground. Such contact ensures consistent high standards of behaviour.

The behaviour of the children is the collective responsibility of all staff who should act with consistency, interpreting and implementing the school policy in a collective and sympathetic manner.

High standards of behaviour, work, respect, manner, speech and appearance depend on the example of all, and mutual respect between children and staff should be fostered. Staff should set an example to students through their own behaviour, punctuality and appearance.
