Dear Parents/Carers

Welcome to the twenty-sixth edition of the safeguarding newsletter from the Goldington Academy safeguarding team. Our aim is to bring you all the latest, relevant help and advice on issues that we feel will be of importance to you.

In this issue, we draw parents/carers attention to the violence in the Netflix series 'Squid Games' and we revisit the key information about **school attendance**.

Safeguarding children is everybody's responsibility. If you have concerns about the safety or welfare of any child, please do not hesitate to speak to a member of staff.

We hope that you will find the information in this newsletter useful. Please do not hesitate to contact us if you require any further information or support with any of the topics raised.

Yours sincerely

Mr W Atkinson

Assistant Headteacher

Designated Safeguarding Lead

What parents and carers need to know about Squid Games

With themes of horror and violence, it is important for parents and carers to understand the potential risks posed to young audiences by the nine-episode Netflix-exclusive TV show, Squid Game.

The series, rated 15+, is about a world where contestants who are deeply in debt play children's games to win cash prizes. The losers, however, are violently killed. The show's popularity has meant it has spread in various guises across online platforms, with a heightened risk of children and young people potentially viewing unsuitable content. That is why The National College created this guide to help parents and carers understand exactly what Squid Game is all about.

In the guide, you will find tips on avoiding potential risks such as inappropriate content, viral spin-offs and scene re-enactments.

School attendance

The weather at present is particularly cold and seasonal illnesses are out in force. However, we ask that parents and children are mindful that school attendance is key to learning and that minor illnesses can be managed in school. Please see below some useful information from gov.uk about how some specific seasonal illnesses should be managed. Our attendance target is **96%**.

Please see <https://www.gov.uk/government/publications/health-protection-in-schools-and-other-childcare-facilities/children-and-young-people-settings-tools-and-resources#exclusion-table>

Respiratory infections including coronavirus (COVID-19)	Individuals should not attend if they have a high temperature and are unwell. Individuals who have a positive test result for COVID-19 should not attend the setting for 3 days after the day of the test.	Individuals with mild symptoms such as runny nose, and headache who are otherwise well can continue to attend their setting.
Diarrhoea and vomiting	Individuals can return 48 hours after diarrhoea and vomiting have stopped.	If a particular cause of the diarrhoea and vomiting is identified, there may be additional exclusion advice, for example E. coli STEC and hep A.

What Parents & Educators Need To Know about Whatsapp

<https://nationalcollege.com/guides/whatsapp-2025>

WhatsApp is one of the most popular messaging apps available and, as of 2024, has been made accessible to users as young as thirteen. With end-to-end encryption preventing even the platform itself from viewing any messages that users send on it, this app has been regularly utilised by those looking to keep their conversations private.

Unfortunately, the service poses several risks to its younger users from misinformation and bullying, to potential criminal exploitation and it is vital that parents and educators understand these concerns and how to address them. This free guide delves into the online safety risks of WhatsApp and offers expert advice on how to safeguard any young people who use the platform.

<http://nationalonlinesafety.com/enrol/goldington-academy>

Once you have registered, you will be able to access the "Online Safety for Parents and Carers' course" and National Online Safety's Resources (which includes a wide range of online platform guides on the latest social media channels and games). This aims to help empower parents with the knowledge to protect their children from the dangers of the internet.

Early Help Service

The Early Help service is made up of six Early Help professionals who support schools to co-ordinate early help for pupils and their families. The Early Help service includes the following teams:

- Adolescent response team
- Early Help Hub
- Education Welfare
- Family Information Service
- Family Support Hub
- Inclusion Support
- Parenting Team
- Strengthening Families Team

For further information, please visit [Early Help Assessment - Overview | Bedford Borough Council](#) or speak to any member of the school's safeguarding team.
