

ALERT 202

Sanctioned Suicide.net Website

Sanctioned Suicide.net is a website for the encouragement of suicide by members on the site as well as the site's promotion of the use of sodium nitrate as a method of suicide.

To access the service, it states you must be over the age of 21 with identity verification via WhatsApp. Once logged on you can purchase items to add to methods of suicide with encouragement from others within the forum.

Parents should be aware of this concern and inform other family members known to access forums on the internet.

Any person affected should report their concerns to all necessary services, e.g. Police, Health and Social Services.
